

## Resident Welcome Registry

Many of the women who come to Mary Ryder Home have little or no income and no insurance. We accept residents regardless of their ability to pay and we provide these women with a safe, caring environment where they live and interact with other women in a supportive environment. Your donation of any of the items on this list will help a woman new to Mary Ryder Home feel connected and cared for from the very start. Contact [dev@providentstl.org](mailto:dev@providentstl.org) to make donations or to inquire of the need for specific items.

Thank you for your compassionate care for the ladies of Mary Ryder Home.
